

**Dayton Spiritual Television is moving to Digital Channel 724
Effective March 31st, 2009**

Dayton Spiritual Television will be moving to a new channel location on March 31st, 2009. This new location is a result of the State of Ohio's Video Service Provider franchising law that took effect in 2008. This new law replaced what was once a local franchising process. Dayton Spiritual Television's new channel location will be digital channel 724.

It is currently seen on analog channel 12. As of the effective date, if you are a current subscriber to Time Warner Cable in the City of Dayton, Riverside or Butler Twp. and wish to continue to receive Dayton Spiritual Television, you must subscribe to the digital service package. Various other local access channels will also be moved in Dayton and surrounding communities but DATV does not control the content of those channels.

With Dayton Spiritual Television's move to Digital channel 724 it will now be seen in the entire greater Dayton area in those households that subscribe to Time Warner Cable's digital service tier. This service area extends roughly from Sidney in the North, Springfield in the East, Springboro in the South and the Indiana state line in the West.

DATV, the public access channel, which is currently seen on Time Warner Cable channel 20 in the City of Dayton, Riverside and Butler Twp. will be unaffected by the move. This channel relocation only affects subscribers to Time Warner Cable. DATV anticipates availability of both Dayton Spiritual Television and DATV on AT&T's U-Verse service during the later part of 2009. Viewers of Direct TV and Dish Network do not benefit from access to DATV or Dayton Spiritual Television and there are no prospects for that to change.

Why is this happening?

Changes in State laws that regulate cable television allow Time Warner to move one of our channels to their Digital tier.

What does this mean to me?

If you are a Time Warner Cable subscriber you need to purchase their "Digital" package in order to see Dayton Spiritual Television after March 31st, 2009.

What if I do not have cable?

If you do not have Time Warner Cable or if you subscribe to satellite TV you still will not be able to see DSTV.

Can I watch on the internet?

DATV plans to continue the streaming of Dayton Spiritual Television over the internet.

Do I have to change the way I produce my program?

As a producer you do not need to make any technical changes to the way you produce your program. You may want to begin to alert your viewers to the upcoming channel relocation so they will have time to purchase the Digital service from Time Warner Cable.

Will DATV move to the Digital tier?

At this time there are no plans to relocate DATV.

What is the new viewing are for Dayton Spiritual Television?

Attached to this flyer is a complete listing of the new viewing area.
